"Old Rock" is the first man in the county to get a copy of The Commoner. Mr. Bryan's paper, and will hereafter read it every week. He lent us his paper, and after perusing it we pronounced it a fitting exponent of the principles of such a statesman as Mr. Bryan. The Commoner is not a newspaper in the sense of heralding dispatches and contains not an advertisement, but it contains the pith and substance of democratic principles. Its thought is deep and its English pure and chaste.

Prevented a Tragedy.

Timely intervention given Mrs. George Long of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A trifling cough had long been her ailment. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured her of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this great remedy for curing coughs, chest and lung troubles. Only 50c and \$1. Every bottle guaranteed. Trial bottles free at the R. B. Loryea drug store.

Smallpox is on the spread again throughout the State and the Legislature got rattled a few days ago and wanted to adjourn to another town, but finally upon the statement of the fact that there were only two genuine cases in the city they became reconciled. No cases are reported from Clarendon yet, but they may be expected. Vaccination is the only way to stamp out the trouble, and the town authorities might well take some action looking to compulsory vaccination.

Volcanic Eruptions

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them, also old, new, and every kind of skin troubles, such as eczema, eruptions, cuts, bruises, burns, scalds, chapped hands, chilblains. Best Pile Cure on earth. Cures pain and itching. Each bottle a box. Guaranteed. Sold by the R. B. Loryea drug store.

A legal question has arisen concerning the grand jury in consequence of the October term of court not being held. The law provides that at the last term of the court in each year six members of the grand jury shall be drawn from the eighteen and who with twelve new ones, shall constitute the grand jury for the coming year. As we had no court last fall the six hold-over jurors were not drawn, and now the question arises as to whether the eighteen new ones should be drawn for this year, or the old jury assembled and six of the number be drawn to serve with twelve new ones. To an unprofessional mind it would seem that inasmuch as a grand jury are considered to be the grand jury of the county until they are discharged, or their successors sworn in, the grand jury of 1900 is still the grand jury of the county, and will be until six of their number are drawn to serve for the present year, along with twelve new ones. Should this be decided to be the case it would seem that all of the old jury would have to appear at the March term of the court, so that six of their number may be drawn to hold over and the remaining twelve discharged.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work. This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, to mention a few of the ailments which it cures. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by the R. B. Loryea drug store.

Read in another page the combination offer we are making. Through a misunderstanding several who took advantage of this offer last year did not get their papers promptly, but our arrangements are such now, that every person who pays up, and one year in advance, and all new subscribers, will get this valuable farm journal promptly. Remember you get THE TIMES and Farm and Home for \$1.50.

Pity and Beauty

The most beautiful thing in the world is the baby, all dimples and joy. The most pitiful thing is that same baby, thin and in pain. And the mother does not know that a little fat makes all the difference.

Dimples and joy have gone, and left hollows and fear; the fat, that was comfort and color and curve—all but pity and love—is gone.

The little one gets no fat from her food. There is something wrong; it is either her food or food-mill. She has had no fat for weeks; is living on what she had stored in that plump little body of hers; and that is gone. She is starving for fat; it is death, be quick!

Scott's Emulsion of Cod Liver Oil is the fat she can take; it will save her.

The genuine has this picture on it, take no other. If you have ever tried it, send for free sample, its agreeable taste will surprise you.

Stolen

On last Saturday night from Mr. P. C. Cochran out of Rigby's lot, an open single buggy and harness. It was a Columbia make, painted dark, right seat, bent back and cross bar projects beyond shafts. In the box under seat was mail addressed to Mr. Cochran. The harness were taken from his horse and the theft was supposed to have been committed about dark. A reward of \$10 is offered for its recovery and evidence against the thief.

Bismarck's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want the qualities and success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25 cents at the R. B. Loryea drug store.

Another combination offer we are making which we hope will prove an inducement to make the people take an increased interest in keeping up with the trend of events. Listen! We will send you THE MANNING TIMES, The Thirteenth-Week Edition of The New York World and The Farm and Home for \$2.25 a year. Remember that for \$2.25 we will send you all three of these papers. The TIMES management means to let the rest of the State see that Clarendon county supports a fearless and up-to-date county paper, a paper that voices the views of its editor; that has no boss and that has ever stood by the people. The New York World three times each week is one of the finest newspapers published in America. The Farm and Home is devoted to agricultural, mechanical and household interests and no farmer's family should be without it.

We want subscribers to take advantage of this magnificent offer we are making.

A story first heard at a mother's knee is seldom forgotten, and the same may be said of other things needed at a mother's knee, which will readily recur to the reader.—Chicago News.

THE Manning Hardware Co.,

Keeping abreast with the rapid progress being made in our town and county have enlarged their store room and purchased for spot cash the largest stock of Hardware ever brought into Clarendon county.

Every business man knows the value of cash when buying goods; it means that the goods are delivered at the lowest prices obtainable, and enables the purchaser to sell at prices impossible when bought otherwise; combine this with the knowledge of where to buy and when to buy you may be reasonably sure that you are getting your goods at the right figures. We are pleased to say that our effort and study in this direction has not been without effect and appreciation as is being demonstrated constantly by our increasing patronage.

Now is the time that houses are being repaired for the coming year. It will be of interest to purchases to examine our stock of KNOB LOCKS, HINGES, HASPS, STAPLES, NAILS, WINDOW FASTENERS, etc.

FARMING IMPLEMENTS.

Farmers who have stiff, heavy lands will find the Oliver Chilled Plow best; those with light, sandy soil will find one of our several grades of Dixie Boy Plows best. Also Shovel Plows and Twisters.

We have to arrive several kinds of Cotton Planters, all of the most popular kinds.

For Housekeepers.

Our line of O. K. Stoves are fine and the sales of them this season have been the largest in the history of the stove trade in our town. We have a nice line of Agate and Tinware to show and have recently bought the most complete line of crockery ever shown here. We expect to offer this at prices that cannot be duplicated.

Parties who contemplate painting should try our high grade

Hammar Paint.

This Paint differs from the much advertised cheap paints, in being of uniform quality and every can is backed by an absolute guarantee as to purity by the makers.

Men's and Boys' Suits, Pants and Overcoats,

at prices that will surprise you. Now if you want a Suit, an Overcoat, pair of Pants, a Hat, a Cap, a Shirt or anything in Underwear at your own price, come to see us and you will be convinced that we mean just what we say.

Our trade for the short time we have been in business has far exceeded our expectations and we know no better way to show our appreciation than to give our friends and patrons a chance to buy what they need in this line for the balance of this winter without a profit. These goods must go.

Remember we have

No Job Lots

We also have anything in a Shoe you may want.
